REPORT – A GUEST LECTURE

Title of the Program : **Interactive MLOps for Engineers**

Date : 13.08.2025

Resource Person : Mr. C. B. Veerkumar

Engineering Analyst(Tech lead)

WIPRO Technologies

Coimbatore

No of Beneficiaries : 57

Mr. C. B. Veerakumar, Engineering Analyst (Tech Lead – Software Development & Configuration) at Wipro Technologies, Coimbatore, delivered an engaging guest lecture on “MLOps for Engineers” for the Department of AI & DS students. The session was presided over by Dr. V. Karpagam, Prof & Head / AI&DS, who welcomed the gathering and emphasized the value of learning industry-relevant skills.

Mr. Veerakumar explained the fundamentals of MLOps, its role in integrating machine learning models into production, and its importance in improving collaboration between data scientists and operations teams. He discussed best practices, challenges, and benefits of adopting MLOps in real-world applications.

The lecture also highlighted the use of GitHub for version control, collaboration, and continuous integration, with practical insights into its role in MLOps workflows. The session was highly informative, offering valuable perspectives on current industry practices and equipping students with knowledge essential for their professional growth.

Benefits of Cloud Computing

- Cost-effectiveness:** Instead of purchasing expensive hardware, you only pay for what you use.
- Scalability:** Cloud services can be scaled up or down as needed, allowing you to adjust resources based on demand.
- Accessibility:** Cloud services are accessible from anywhere, anytime, as long as you have an internet connection.
- Security:** Most cloud providers offer robust security measures, including data encryption and access controls, to protect your information.
- High Availability:** Cloud services are designed to be highly available, meaning they can handle multiple requests simultaneously without downtime.
